

A Letter from our President & CEO

As I write this article, it is with mixed emotions that I share with you all that I will be officially retiring in July 2025. It is time to move on after a wonderful 43+ year career, 28 years as your President/CEO with Sky Federal Credit Union. I am still a little in shock that it has gone by so quickly, but the time has come to begin the next chapter of my life.

My career began with the credit union in April 1982. At that time, we had one branch in Livingston, six to eight employees and a closed field of membership within Park County. When I assumed the President/CEO role in April of 1997, the growth and expansion of our credit union were at the forefront of my vision and the Board of Director's vision for the future. Offering a choice of financial services to consumers in our market area was a passion of mine. Throughout my career teaching our employees and members, along with future members, financial literacy and how to better their financial lives were most important.

Today, we have four stand-alone branches, in Livingston, Bozeman, Belgrade, and Big Timber. In addition, we have two in-store retail branches—one in the Bozeman Walmart and a second in the Madison Foods Grocery Store in Ennis, encompassing twenty-eight counties. The Credit Union was chartered in December 1935 and will celebrate 90 years of serving our members in December of 2025. A milestone to be proud of for sure!

I am looking forward to the personal time I will gain in retirement which will allow me to spend time with my husband, grown children, and grandchildren. I know that I will miss the work and the people that mean so much to me. However, I am confident that our credit union's best years are still yet to come.

It is difficult to convey how grateful I am for all the support, from the Board of Directors, to my leadership team and staff, during my tenure as the President/CEO of Sky Federal Credit Union. Together, we have changed lives for the better and made our communities even more vibrant places to work and live.

It has been an amazing twenty-eight years! Serving as your President/CEO has been a true honor and privilege.

Thank you all and I wish the best to every one of you!

Annamarie DeYoung

Round It Up!

We want to help make saving for your future easy, or at least easier! That is why we created our RoundUP Savings Program. With this program Sky automatically rounds up your debit card transactions to the nearest dollar with the goal of helping you build a savings account for a strong financial future.

With RoundUP Savings, Sky takes the difference between the purchase price and the nearest dollar and put that amount in your savings without you even having to think about saving. Enroll in this program to start saving—it is as easy as rounding up!
